- i. Sr. PPS to Secretary (A&C)
- ii. PPS to AS (DKJ)
- iii. PS to JS (MIDH)/ PS to HC / ADC (AV) / Dir (Hort.) ✓

Minutes of the First National Advisory Committee (NAC) meeting on "On Farm Water Management (OFWM)" under National Mission for Sustainable Agriculture (NMSA) held on 21.04.2014.

The first meeting of the National Advisory Committee (NAC) was held on 21.04.2014.

Joint Secretary (MIDH) made a presentation on the progress under National Mission on Micro Irrigation in 2013-14, and the proposed Action Plan for "On-Farm Water Management" (OFWM) component under NMSA for 2014-15. The presentation also included key findings and recommendations of impact evaluation study on National Mission on Micro Irrigation (NMMI).

Following decisions were taken:-

- (i) States have been classified under categories 'A', 'B' & 'C' depending upon area coverage, demand, marketing network etc. The Division may revisit the categorization.
- (ii) It was decided that only micro irrigation item will be implemented by the Horticulture Division. The remaining two items, namely, on-farm water distribution/applications and on farm drainage would be implemented by the NRM/RFS Division.
- (iii) The proposed tentative allocation (State-wise) for 2014-15, as approved by NAC, is annexed. However, this may undergo revision based on the final outlay for the scheme.
- (iv) Continuation of National Committee on Plasticulture Applications in Agriculture & Horticulture (NCPAAH) as the Technical Support Unit (TSU), for implementation, monitoring & technical support for Micro Irrigation item under OFWM was approved.
- (v) As the current data for Micro Irrigation Potential is based on the Task Force Report 2004, which in turn was based on data collected for the 1998 International Commission for Irrigation and Drainage (INCID), there is a need for re-assessing state-wise, crop wise potential for micro irrigation in all the states/UT.
- (vi) Implementing Agencies will ensure use of only the BIS approved components of Micro Irrigation Systems installed under the OFWM component. An advisory on this aspect would be re-iterated.

The meeting ended with a vote of thanks to the chair.

(List of participants may be seen overleaf)

List of Participants in the meeting of On Farm Water Management (OFWM) under the Chairmanship of Secretary (A&C) held on 21.04.2014.

No.	Name/ Designation
